

2011 Sting Ray 64 Volt - 4x4 ALL ELECTRIC VEHICLE - MADE IN USA

Setting The Standard for Electric Utility Vehicles

Why the Sting Ray Is The Best

- American Made
- 100% New Vehicle – most competitors remake used golf carts
- Most Comprehensive Warranty
- We use AGM Batteries - Competitor wet cell batteries require constant maintenance and are corrosive
- Light Aluminum Frame - most competitors use sluggish steel
- Longest Range – most competitors use 48 volt
- Fastest Acceleration
- Highest Torque = Most Powerful
- Highest Ground Clearance
- On-board Custom Charger
- Most Powerful – 64 volt vs. 48 volt
- Most Standard Features Including
 - Disk Brakes
 - Top and Windshield
 - Seat Belts
 - 4 Passenger Seating
 - 15 to 1 Gear Ratio for increased pulling power
 - Beach Tire Set-up

Power Source

- 64 volt 30 peak horsepower high torque electric motor
- 130 ft. lbs. of peak torque
- High capacity, 8 volt deep cycle, maintenance free, absorbed glass matt batteries and dash mounted battery fuel gauge
- 40 Mile range on a full charge and proper charging habits
- 100% Waterproof - 800 amp 72 volt controller designed by Stealth Manufacturing, LLC
- -13 Degree f to 135 degree f operating range
- On board 20 amp charger/maintainer
- High performance forward and reverse switching system

Dimensions

- Total weight: 1525 lbs (250 lbs less than the competition)
- Lift Height: 7½" yielding 9¾" of static ground clearance
- Turning radius: 127.5"
- Height: 78"
- Width: 54"
- Length: 117"

Drivetrain & Suspension

- "On demand" 4-wheel drive
- 800 Pound rated heavy duty rear leaf springs
- Heavy-duty rear solid axle with shocks that gives a smooth ride and reduces the "energy-draining drag" of IRS systems
- The industry's largest payload
- Inner & Outer CV joints on both half shafts
- Coil-over shock independent front suspension
- Rack and pinion steering
- 15 to 1 Gear Ratio for increased pulling power
- Beach Tire set up

Chassis, Body Tires and Wheels

- Heavy-duty aluminum frame designed for off-road use
- Standard molded camo body design
- 25" all trail 6 ply off-road tires
- 12" aluminum wheels

Additional Standard Equipment

- Newly designed upper-brush guard
- New high performance forward and reverse switching system
- 3 point Front Seat Belts
- Rear dump bed with spray bed liner
- Head and tail lights
- Trailer hitch with a 2" receiver
- Stainless steel hardware
- Marine grade wiring harness tinned copper cable with shrink heat connections
- Galvanized – special corrosion resistant treatment on critical suspension and drive train components
- Body Color – Green
- Aluminum Finish Tire and Wheel Option

Optional Equipment

- Front basket
- Floor Mounted Gun Rack
- Running Boards (Stealth Coated)
- Front Brush Guard
- Winch
- Solar Tops Option (205 Watt)
- LSV Kit
- Windshield
- 4 Passenger Seating Converts to a Flat Bed with 2 point rear seat belts
- Camouflage Enclosure
- Body Color Choices: Camo, Black
